

A MIGRAINE PREVENTION RESEARCH STUDY

ARE YOUR MIGRAINES
KEEPING YOU DOWN?

A MIGRAINE PREVENTION
RESEARCH STUDY
IS ENROLLING NOW!

4-14

migraine headache
days a month

You may qualify if you:

- Are between 18 and 75 years old
- Have had migraines for at least one year
- Have migraine headaches 4-14 days a month
- Are able and willing to complete a daily eDiary using an electronic device
- Are willing to take daily investigational study medication twice a day

You will be asked other questions about your health and any other medications you are taking to see if you qualify.

There is no cost to fully
qualified participants for:

- Investigational study medication
- Study-related lab tests
- Study-related exams

Compensation for time and travel may be available.
